M + 75/DOC (for Ed.D. and Ph.D only and doctorates recognized prior to the September 1, 2007 shall be recognized for this purpose) which shall be one thousand (\$1,000.00) dollars greater than the M+60/CAGS/MM column.

The parties agree that those teachers who hold a CAGS by June 30, 2007 shall need fifteen (15) credits beyond the credits necessary for a CAGS in order to move to the M+75/DOC column. In addition, teachers will be allowed to apply the credits for the courses they took while in a CAGS program or while working towards their second Masters degree provided said course was one of those listed in Addendum A attached hereto. Thereafter, teachers who obtain a CAGS will advance to the M+75/DOC column only if they earn a DOC or earn credits in addition to those necessary for the CAGS which were beyond the Master's degree.
